5L & 10L WATERING CAN

(1 GALLON & 2 GALLON)

A heavy-duty, high quality watering can with rose holder. Manufactured by injection moulding which makes a more consistent and stronger watering can than blow moulding does.

- The only injection moulded watering can on the market, much better than blow moulded products
- Handy rose stow to stop the rose from being lost
- Square design means you can carry the can close to your body with comfort
- Wrap around handle for ease of pouring
- Made from impact resistant UV stabilized polypropylene
