

A BRAND NEW RANGE!

Working with the very best supplier, we have developed superior quality ranges of garden furniture covers that we are proud to launch for 2018.

Our innovative Premium Collection takes furniture covers to the next level and they are proudly supported by the longest guarantee in the industry, 10 years! All premium covers are available in three colours and manufactured from weatherproof endurance fabric to ensure complete waterproof protection. Our Premium Collection features include air vents – essential to reduce the risk of mould and mildew build up. UV protection and ready-to-go inset secure fastenings. Our furniture sets also feature a FREE water shedder, this prevents water accumulation ensuring your cover lasts even longer! The collection also features nine new modular style covers also available in all three colours.

Our Standard collection has been made even better, 23 furniture types make up our Standard Collection all of which now feature reversible colours, secure base fastening and complete UV protection whilst remaining competitively priced. Designed to protect against all weather conditions and easy to look after, our entry level standard covers are suitable for all your furniture protection requirements.

The Garden & Home Co. is our design-led collection of home and garden living products created to enhance both indoor and outdoor spaces. Our modernised branding features new 'segment colourways' to make our ranges easier to navigate than ever, these will feature on all packaging and POS and will include USP iconography to help consumers easily identify and shop the range bringing all of the Garden & Home Co. products together in store.
